Newton-Wellesley *Family* Pediatrics

Newton-Wellesley Family Pediatrics
Boston Children's
Primary Care Alliance

Welcome to Newton-Wellesley Family Pediatrics

"Where family matters!"

About Us

Newton-Wellesley Family Pediatrics is committed to providing the highest quality pediatric care for your family. Founded over two decades ago by [Dr. Charles S. Brown, MD, FAAP](#), Our employees have a total of thirty years of combined expertise and we've seen over four thousand patients since then. We offer a wide range of services, from prenatal care to care for those of college age, and from routine well child visits to mental health and behavioral health coaching.

Hours of Operation

Sunday: Closed
Monday: 8a - 5p
Tuesday: 8a - 5p
Wednesday: 8a - 5p
Thursday: 8a - 5p
Friday: 8a - 5p
Saturday: 8a –12p (Shared call w/ Newton Pediatrics
<https://www.newtonpediatrics.com/>)

After Hours Care

One of our providers is always on-call and can be reached for emergencies after hours. You can reach the on-call provider by calling our main number (617-965-6700). Your call will be answered by our nurse triage service who will assist you and contact the provider on-call if needed.

New Patients

We welcome new patients at our practice! To join our practice please call our main number (617-965-6700) to set up a new patient appointment.

Before your first appointment with us, please have any past medical records sent to our office (Fax: 617-965-5239). New patients will not be seen until any past records have been received.

Evidenced Based Care

Our practice follows the guidelines and recommendations provided by the American Academy of Pediatrics (AAP).

Our Services

Our practice, as your medical home, is a central resource for all of your child's care needs. You are welcome and invited to participate in all aspects of your child's care.

Coordinating Care Outside the Practice

Before scheduling an appointment with a specialist, please call our office.

Our providers can provide many advanced primary care services in the office, such as suturing lacerations, splinting orthopedic injuries, prescribing acne treatments, and more. Your child's provider will work with you to determine if a visit to a specialist is needed.

If your child does receive care at an outside facility, such as a specialist office or emergency room, please ask the outside facility to send the records to our office after your visit so we can be sure we have all the information needed to best serve your child.

Fax: 617-965-5239

Medical Home Care Coordinator

Coordinates services and follow-up for patients with complex medical, behavioral, and socio-economic needs

- ◆ Cynthia Welch, RN

Office Manager

Supervises the operational, human resource, administrative and business functions of the practice

- ◆ Zaire N. Reiph

Receptionists

Responsible for answering telephones, scheduling appointments, and handling patient check-in/out

- ◆ Susan Higgins
- ◆ Olga Figueroa
- ◆ Margarita Rivera

Billing

Work to ensure that patients are eligible for services and then apply the appropriate charges to their insurance or personal accounts

- ◆ Vicki Grandi

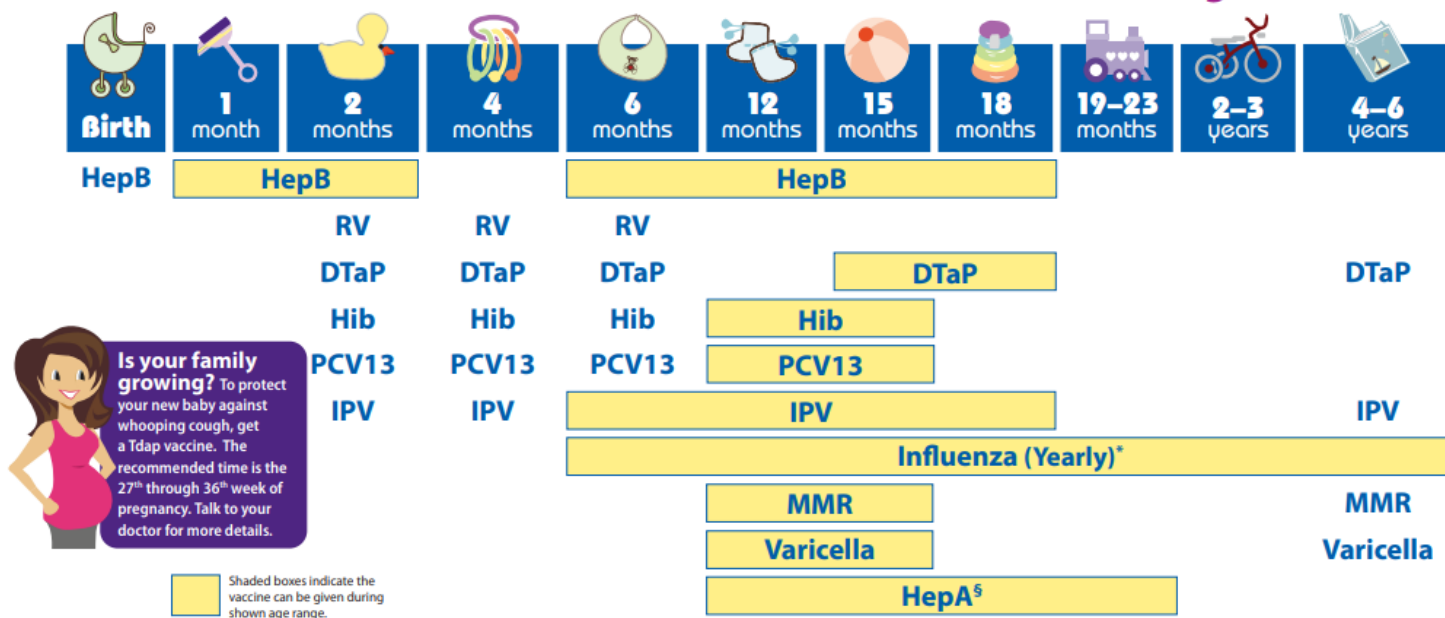

Well Child Care and Immunizations

Preventive health care, including immunizations, is very important in keeping your child healthy. We follow all preventive health care recommendations of the American Academy of Pediatrics as described in the table below.

Our Well Visit Schedule

Newborn	This is the first visit to our office after the child is born, typically at 3-5 days	15 months	Growth and development, immunizations
2 weeks	Growth and development, newborn screen	18 months	Growth and development, immunizations
2 months	Growth and development, immunizations	24 months	Growth and development, lead screening, hemoglobin screening
4 months	Growth and development, immunizations	30 months	Growth and development
6 months	Growth and development, immunizations	3 years	Growth and development, vision screening, lead screening, hemoglobin screening
9 months	Growth and development, lead screening, hemoglobin screening, catch up on any missed immunizations	4 years	Growth and development, vision and hearing screening, lead screening, hemoglobin screening, immunizations
12 months	Growth and development, immunizations	5+ years	Yearly well visits with immunizations at 11 and 16 years with periodic hearing and vision screening

2022 Recommended Immunizations for Children from Birth Through 6 Years Old

COVID-19 VACCINATION IS RECOMMENDED FOR AGES 5 YEARS AND OLDER.
