Dear Dermatology Patient

The Boston Children's Dermatology Team has identified you as one of our patients who is 18 years old or older. At this time, we are transitioning our patients who are aged 18 and over to adult dermatology practices.

We are committed to helping our patients smoothly transition their care from pediatric dermatology to adult dermatology and thus provided list of adult dermatology practices that our providers have recommended. If you have an upcoming appointment with us, you can choose to keep it and discuss this transition with your dermatologist.

If you are routinely seen in other departments within the hospital or have spoken with your provider in regards to continuing your care, you are welcome to maintain your care as needed.

**List of recommended adult dermatology practices**

**Beth Israel Deaconess Medical Center Dermatology**

Ph.617-667-3753
